WE GRATEFULLY DEDICATE

Mrs. Jean W. Bohannon

Mrs. Ella C. Rilee

To the ones who have so willingly given of their own time to help us, not only as a group but as individuals, so that we, the Senior Class, are proud to dedicate this Jacket to Mrs. Jean Bohannon, our sponsor, and Mrs. Ella C. Rilee, our science teacher.

In previous years Mrs. Bohannon has helped the Seniors to gain a sense of responsibility toward their school, community, and fellow students. We regret that Mrs. Bohannon is leaving, for she has helped us immensely with our senior activities.

We also dedicate this annual to Mrs. Rilee for her exceptional ability in guiding the students through the both difficult and rewarding years of their lives.

FOREWORD

The period in which we live and of our graduation from high school offers a privilege for service to any person who is well prepared. May we think of the years spent at Pleasant Hill School as the initial period in this preparation for the opportunities that lie before us.

Through our continued sacrifices and with a determined effort to achieve perfection in our selected vocations, we may help our community to find a solution to many of its perplexing problems.

Now the time has come for us to part. As we leave these portals of Pleasant Hill, we leave behind the cherished memories that have endeared us to our Alma Mater.

As we move on to blaze new trails, may we stop and cherish those memories once again through the activities and organizations that helped us to establish them.

This yearbook we offer to the 1964 graduating class of Pleasant Hill. Many years from now we may want to relive those days spent at Our Dear Alma Mater.

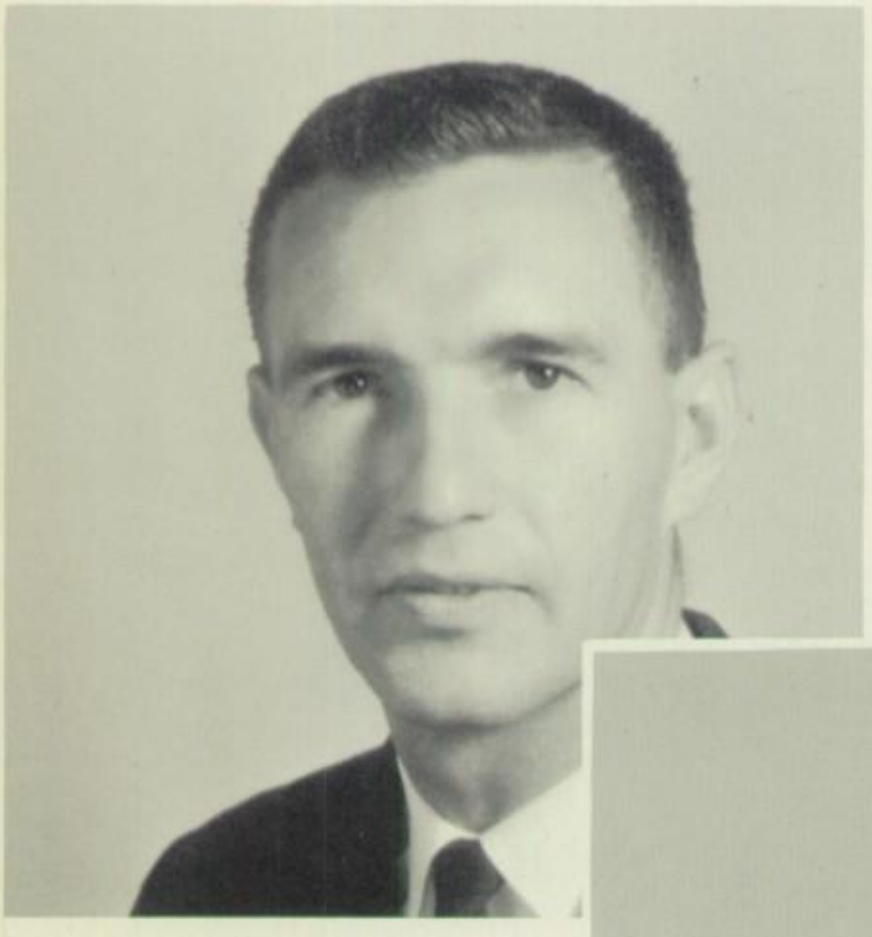
PRINCIPAL'S MESSAGE



Robert B. Jewell
Principal

Formal public education is a distinct privilege which we as Americans enjoy. It is my sincere hope that you have enjoyed this privilege and the experiences it has provided during your stay here at Pleasant Hill.

I deeply appreciate the opportunity of sharing with you the accomplishment you have attained. We feel our school is a better place because you were here and shared with us your progress by your willingness to help and to learn.

May happiness and success be your good fortune as you apply the experiences of school life in every day life. My most sincere congratulations with best wishes for continued success are extended to each member of the Class of 1964.

Paper and Careers *for the future*

Today there are more than 100,000 different uses for paper. . .and the search for new uses never ends. That is why this fast-growing industry is now the fifth largest in the country. . .and why it needs trained researchers and technicians for future growth.

Our company, a pioneer Kraft manufacturer, joins with other mills in sponsoring college scholarships in paper technology. It also offers scholarships for study in a subject of the student's choice.
